CERTIFICATE

Product: **Solar Module, Type KC40, KC60, KC80
KC120, KC120-1
KC110-1**

Manufacturer: **KYOCERA**

The product had been tested voluntarily according to technical rules.

Aim of the test:

Designation as Class II equipment

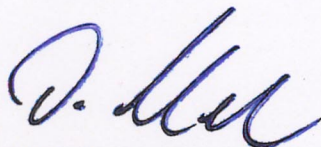

Overall evaluation:

The sample mentioned above complies with the requirements of protection by use of Class II equipment in accordance with the subsequent test reports and may be designated as Class II equipment and applied in plants with a total voltage up to

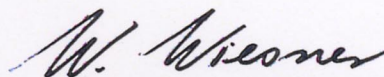

750 VDC

The range of validity and the test fundamentals are documented in details in the test reports No.: **P 9410747 E01, P 9512793 E01, E 9410647 E01, 435/125257, 435/125557 and 435/126815/02**
